REPORT OF THE FISANCE COMMITTEE The Finance Committee had under considers ion the communication of the City Comptroller, recommending the funding of the Beating debt of our city, and the remission of part of the city taxes levied for 1857, and respectfully submit the following report:

By entering upon this subject your Committee would recall to your memory, that at the time. when the taxes for 1857 were levied, a vast eri. sis was sweeping over the country, the Bonds of the city and been run down to a minimum price, and no other alternative was left to the Common Council than to lovy a very beavy tax for the purpose of meeting a fionting debt which had been accumulating from year to year.

Your Committee, however, are further aware of the fact, that, by whatever influences, the taxes up Fred. Child, Frank Putnoy, Edward R. Price, Hamilton Townsend, Daniel Mugpin, George A. Folusbe, Wm. S. Mitchell, Richard Commaterd, Michael Hayes, Murtin Lerkin, Philip H. Murphy, Chus. A. Johnson, Edward Johnson, Doughas Wolcott, E. B. Burr, Edward Austin, Wm. Mulford, Win. James, Henry Tillon, John J. Graham, Geo. Alexander, Jas. Hackett, Norman Roese, Oscar Haertel, C. P. Larkin, Archibald Adam, S. H. Kneeland, John Eldred, Charles Hicks, Albert Day, Fred. Mason, John H. Kingsley, Herman Bode, Eugune S. Elliot, George H. to the present time are not paid to any amount sufficient to secure the payment of the liabilities of the city, especially of the interest on the bonded debt and of cortain other notes which will fall due in a very short time, and which must be met. At this state of things the faith and credit of our city are at make, and the public look to the Common Council for some decisive action, by which the honor of the city credit will be sus taiped.

Your Committee is of opinion that the altered condition of the stock market at the present on the 9th, refused to receive the Message of time, and the prospect of a still further improve Governor times (dem.), because that gentleman ment of the same, warrant the supposition, that saw fit to give the party some severe rubs. interest, and subject to the action of the sinking fund, will beneeforth command a price of not loss than 75 cts. on their par value, and that therefore it might be considered fessible, by bonding the floating dobt of the city at the same time to relieve the tax-paying community of a not inconsiderable part of their burden. With this view your Committee have conferred with the Farmers & Millers Bank, as the principal creditor of the city, and though said corporation has not the man who elected Mr. Buchanas, speaks as been willing to sign an agreement in writing

So soon as this can be done in accordance with the provisions as nforranid. In offset to the bonds so to be issued your Com-

roittee would further recommend to remit a tax of 2 per cent, on the assessed valuation of the Reaand Porsonal property of this city, which reduction will amount to \$120,000, and will go far to relieve the tax-payors of a heavy part of their present burden. Also to refund to those who ter Register: por Canada constituencies have now been filled have already paid their full share of taxes, the same proportion as would be remitted by this Council, and at the same time patition the Legislature for the granting of an extension for the payment of the taxes for 30 days. BY MAGNETIO TELEGRAPH Gov. Wise's Letter. New York, Jan. 9.

The 43d anniversary of the battle of New Or-leans was celebrated by a ball and supper at Tammany Hall. There was a large attendance of Federal, State and City officers. Speeches were made by John Van Buren. Capt. Ryndera, Gen. Ward, B. Burnett, W. C. Bright and others. Gen. Ward, B. Burnett, W. U. Bright and others.

Among the letters received was one from Gov. Wise, of Virginia. The following extract from it is interesting: "The Congress of the United States ought not to reject the legitimate and republican constitution, but ought to adopt it, subject to a fair and legal vote of the people of Kansas. If they adopt it to admit her into the Union, they facto—if they reject it, to leave the people of Kansas in their own way to organize another constitution, and to submit another constitution to Congress for approval, and for any difference of opinion, as to the mere made of stitution to Googress for approval, and for any difference of opinion, as to the mere mode of submitting or solving this question by protest, that no true, honest, earnest democrat shall be prescribed. No Northerner ought to denounce the President for recognizing the fact of the legitimacy of the Lecompton Constitution, not ought to denounce Senator Douglas, for contending manfully for the right of the severeign people to adopt or reject their own form of self-government.

Stringfellow's Letter &c.

The South could at best only obtain a mere emp-The South could at best only obtain a mere empty and temporary triumph—the question having already been settled against them by emigration, the only way in which that settlement could permanently be effected. He urges that the Administration, under the Lecompton Constitution, and against the remonstrance of two-thirds of her people, would break down the democratic party of the North, and scriously endanger the peace and interests of Missouri and Karsas, and by no sort of contingency advance the interests of the South in Kansas. vance the interests of the South in Kansas.

Message of the Goy. of Maryland.

BATTHORN, Jan. 9.
When the message of Gov. Ligon was ananounced in the House to-day, a motion was made that it be not received, and the motion was carried by a vote of 43 against 27.
This action is on account of the expressions contained in it regarding the American party, and the Governor expressing the opinion that the

Using listen all, while I relate What recently befol Unto a factor flown in Maine, While digging a well. Full many a yard he dug and delved, And sull I dug fo vain; "Alack!" quoth he, "olen water seems Prohibited in Maine!"

And still be dug and delvel away, And still the well was dry, The only water to be found Was in the farmer's eye. For by the breaking of the bank.
That tembird from its station,
All suddenly ble bope was deshed.
Of feture liquidation! And now his sands were running fast,

And he had died, no doubt, But that just when the well caved in, lie happened to be out! "Aba!--I have a lucky thought!"
Exclaimed the wicked man"To dig anew this wretched well,
I see a prefly plan:---"I'll lide mu straight, and when my wife And ear my neighbors know What's happbood to me digging here, They'll thank that I'm below !

"And so to save my precious life,
They'll div the well no doubt,
E'en deeper than 'twas due at first,
Eefere they flud me out!" And to be hid him in the barn. Through all the hungry day, To bide the digging of bid well. In this deceived way.

But list what griof and shame befel This false, ungrateful man, The white he styly watched to see The working of his plau, The neighbors all with one accord Unto each other said: "With such a weight of earth above, The man is surely dead."

And then the write, with plous case, And needless cost to save, Bald:—"Minos the Lord harr which it to, E'en let it be his grave!" WHO THAT IS TROUBLED,-With any of those disagreeable complaints, such as Jaundice, Day-popsia, or Liver diseases of any kind, but would like to know of a remedy for these unseemly vis-itations? We feel that we are doing our invalid readers an invaluable service if we can induce trationary we test that we are doing out induce readers an invaluable service if we can induce them to get a bottle of Dr. Sautord's Invigorator, and take it, for we know from personal experionee that it is one of the [greatest remedies for general debility, and consequent inactive bodily owers, over before used. Its action is so per feet and complete as to give relief the first time taken, and if it does to others as it has to us, helf a bottle will be all that is needed. We know of

nothing we can recommend with such confidence, as a family medicine, as the Invigorator. (See Advertisement.). His medicines are universally admitted by the American press to be far superior to all others for causing the hair on the head of the aged, that has been allevered for many years, to grow forth with as much vigor and invariance as whom blessed with the advantage of youth. There can be no doubt that it is one of the greatest discoverior in the medical world.
